Vickie Wilson Chosen Rodeo Queen for Wasatch County

25 July 1966 Provo Herald

By Dorine S. Jespersion

HEBER— Vickie Wilson was selected as Wasatch County Rodeo Queen at a contest held Saturday in Heber City.

Queen Vickie reports that she "just loves riding and wouldn't give it up for anything." She is the daughter of Mr. and Mrs. Earl Wilson of Midway.

Her attendants are Peggy Bronson also of Midway, the daughter of Mr. and Mrs. Keith Bronson and Barbara Bethers, the Allen Bethers' daughter of Daniels. They will reign over the Wasatch County Fair Days Rodeo to be held Friday and Saturday, August 5th and 6th at the Rodeo Grounds in Heber at 8 p.m.

Vickie demonstrated her horsemanship in the Junior Rodeo which followed the con-

test where she was chosen the Best All Around Girl in that Rodeo. Val Draper, son of Mr. and Mrs. Richard Draper, of Midway earned the title of Best All Around Boy in the Rodeo events.

Other winners in separate events included ribbon pulling: 1st, Richard Tree; 2nd, Steve Fitzgerald; 3rd, Val Draper and 4th, Jim Probst. Val Draper was first place winner in the Calf Roping with Rodney Fitzgerald taking 2nd, Brent Kelly 3rd. The Barrel Rolling contest was won by Ross Lloyd. Mark Floyd took second in the contest and Rodney Fitzgerald 3rd with Vickie Wilson garnering 4th.

It was an entertaining evening and interesting to see the county youth display such fine horsemanship abilities.

Storm Hits Rockport Reservoir

WANSHIP, Utah (UPI) — Winds described as the worst ever seen in the area lashed Rockport Reservoir in to a fury of high waves Sunday, driving boats like driftwood against the rocky shore.

David Richards, an employee of the Rockport Resort, said the east bank of the reservoir "looked like a city of sunk boats."

He said high winds and waves of over three feet drove the boats against the bank until their propellers stuck on the lake bottom. The breaking waves then flooded them, sinking and capsizing the small boats.

Richards said almost all the boats on the lake were damaged in the storm. "Only the oldtimers who really knew the lake escaped," he said, "by crossing to a protected cove on the west shore."

The winds struck the lake about 7 p.m. and continued for over an hour, damaging the boat dock and facilities as well
